

HEALTH SCORE CARD

ANNETTE REEDER

**A TEST OF 15 IMPORTANT NUTRIENTS
NECESSARY FOR HEALTHY LIVING!**

Are you ready to grade your health?

Tests - Grades – ARRGH!

Life always has tests. From getting your driver's license to graduating from high school or grad school – no passing till you make the grade. It is impossible to avoid tests.

This test is for your benefit – I think my teachers used to say that as well. It's true. Take this test and see how you score on these 15 vital nutrients.

Think golf, low score wins. The higher the score the more attention is needed. Each category will suggest foods and vitamins to help improve your score.

Can you re-test? Of course, as often as you like! When you lower your score give yourself a high-five and shout hallelujah!

BONUS—Mental wellness is finally being recognized as the key to health and the spoon that stirs the pot of how you feel!

Bonus—Mental Wellness

In this section high score equals Mental Wellness

Mental wellness can be impacted by a wide range of factors—from stress exposure and sleep quality, to the balance between hormones, neurotransmitters and the bacteria in your gut. It may be helpful to gauge your overall exposure to mental wellness stressors using the simple questionnaire below.

In general, how often do you ... *SCORE: 2 for rarely, 1 for occasionally, 0 often*

1....experience stressful situations? ___

2....feel tired or fatigued? ___

3.... get less than eight hours of sleep? ___

4.... feel anxious or depressed? ___

5.... feel overwhelmed or confused? ___

6.... have low sex drive? ___

7.... put on weight around the belly? ___

8... diet to lose weight? ___

9.... get 'stressed out' by choosing the foods to eat? ___

10....crave carbohydrates (sugars, sweets, bread, or other comfort foods)? ___

11.... experience digestive problems such as gas, bloating or heartburn? ___

12.... experience tension headaches? ___

13.... experience problems concentrating? ___

14.... get sick or catch colds/flu? ___

15. Add one point for each of the words that closely describes how you have been feeling over the past two weeks.

Lively ___ Cheerful ___ Active ___ Alert ___ Energetic ___ Motivated ___

SUBTOTAL: 0-34 _____

THE THREE THINGS YOU SHOULD KNOW ABOUT MENTAL WELLNESS

1. How you feel is not just in your head – it’s also in your gut.
2. Our “second brain” includes the Microbiome and plays a major role in mental wellness.
3. You can now DO something NATURALLY to improve your mental wellness.
